## Fair Prices To Be Discussed On June 20

USDA announced this week public hearings on fair prices for 1967 Florida and Louisiana sugarcane crops and on whether wage determinations applicable to field workers—which became effective November 14, 1966, in Florida and October 10, 1966, in Louisiana—should be continued or amended. Places, dates and local time for the hearings are:

At Belle Glade, Florida, on June 20, 1967, in Holiday Inn, beginning at 9:30 a.m. At Houma, Louisiana, on June 23, 1967, in the Municipal Auditorium, 890 Verret Street, beginning at 9:30 a.m.

USDA requests all interested persons to appear at appropriate hearings to present views and pertinent data. Information and recommendations are sought specifically in Florida on need for other worker classifications such as workers employed in mechanical harvesting operations, and in Louisiana on changes in worker classifications or wage rate differentials, and on periods to be used to determine the season's average prices of raw sugar and blackstrap molasses.

## Jamesons Celebrate 50th Anniversary

Rev. and Mrs. J. O. Jameson of Wabasso, Florida, former residents of Belle Glade, were honored in Jameson Hall of the Community Methodist Church in Belle Glade on Sunday, May 28, with a Golden Wedding Anniversary reception from 3:00 p.m. to 5:00 p.m.

Three of Rev. Jameson's children, Mrs. Walter T. Cross of Frostproof, Mrs. Leonard Payne of Homestead and Mrs. Elizabeth J. Watts of Pennsylvania, were present for the celebration.

The serving table was centered with an arrangement of 50 yellow roses and white orchids in a five-branch brass candelabra. The table was laid with a Swiss embroidered organdy cloth over green satin.

Mrs. Jameson wore a cream lace dress with a yellow cattleya orchid corsage.

Rev. and Mrs. Jameson were in Belle Glade for 13½ years beginning in 1943. He was pastor of the Community Methodist Church during that time. He was also pastor in Stuart and in Lake Harbor.

Approximately 250 of their many friends from Stuart, Lake Harbor, Clewiston, Canal Point and other areas around Lake Okeechobee attended the reception on Sunday

## Disaster Chairmen For Hurricane Season

June 1 is the opening of the 1967 so-called hurricane "season" and the Palm Beach County Chapter of the American Red Cross is ready to go into action to help protect lives if one of the windy ladies approaches our county shoreline. It is announced by Robert E. Rickett, county Chapter Chairman.

The County's disaster committee chairman is again Colonel D. M. King, who served in this capacity last year.

Colonel King announces that the disaster chairman for the Canal Point-Pahokee area is Major Duncan Padgett of Pahokee, and he urges all residents in the area to get to know their chairman and acquaint themselves with the location of the nearest Red Cross shelters, and steps they should take to prepare themselves for any possible hurricanes.

Last year, the first hurricane was spawned as early as late May, and approached the Florida shoreline June 2 before turning away and finally entering the Gulf. That was hurricane Alma. The "peak" of the hurricane season, history shows, is late August through October. However, history also records many hurricanes earlier, and Colonel King urges all persons to become knowledgeable and prepared for defense against them.

Several of the Palm Beach County's new functional and large windowless schools are being added to this year's list of Red Cross shelters since they are ideal for this purpose.

## New Formula Suggested For Highway Funds

A memorial calling on congress and members of Florida's delegation to provide for the distribution of federal highway funds on an annual population estimate rather than the 10-year census will be introduced this week by State Senator Jerry Thomas, D-Lake Park.

Thomas said Florida lost an estimated \$4,905,778 from 1961 through 1965 and is expected to lose an estimated \$6,000,000 during the five-year period ending in 1970, because the distribution of federal highway funds is based on the 1960 population figure.

He pointed out in the memorial to congress that the use of 1960 population figures is unfair to Florida which is one of the fastest growing major states in the nation, with a projected growth which is expected to make Florida eighth in population in the nation by 1970.

The senator said Florida has enjoyed a 19.9 per cent growth in population since 1960 as compared with an estimated 7.68 per cent increase for the nation as a whole.

The congress is requested to have the annual population estimates of the Bureau of the Census used in the formula for distribution of the funds and copies of the memorial were addressed to the President of the United States Senate and Speaker of the House of Representatives.

Members of Florida's congressional delegation were requested to reply to the memorial to Senate President Verle Pope and Speaker Ralph Turlington as to what course of action will be taken to have the use of the decennial population figures discontinued in favor of the annual estimate.

## Auxiliary In May Meeting Tuesday Night

President Marjorie Laks presided at the May meeting of the Woman's Auxiliary of Everglades Memorial Hospital held in the dining room of the hospital Tuesday night.

Mrs. Joann Herick gave a financial report on the Gift Shoppe which the Auxiliary sponsors in the lobby of the hospital.

Mrs. Alice Ramey reported on the stuffed animal toys which Pink Ladies make and present to children who are patients for their entertainment while they are in the hospital and to take home as gifts when they are dismissed.

A report was given by Mrs. Laks on the recent Southeastern District planning meeting which she and Mrs. Margaret Panjul attended in Miami to discuss preliminary plans for the annual Convention of the Association of Florida Hospital Auxiliaries, November 8-10, 1967. The Pahokee Auxiliary will prepare an attractive gift basket for presentation to the State president, Mrs. Joseph A. Olsen, at the convention.

Mrs. Laks presented to Mrs. Bernice Sheppard an Auxiliary Service Pin, designating more than 100 hours of volunteer service to Everglades Memorial Hospital.

A letter was read from the Palm Beach County Chapter of the American Cancer Society, offering to cooperate with the Auxiliary by furnishing films, slides, literature and other information relating to the prevention and cure of cancer that might be useful on future programs.

J. C. Simonds, Jr., hospital administrator, reported an addressograph, which the Auxiliary is helping to purchase, has been ordered for the hospital. This machine will facilitate the keeping of records of patients and should prove most helpful in the work of the hospital personnel. Mr. Simonds gave a report on the progress made at the hospital during the past year, and pointed out the many things the Pink Ladies have done to assist in this progress.

The next meeting of the Auxiliary will be the night of June 27.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

# Now— U. S. Savings Bonds Pay More Interest

**4.15% when held to maturity**

*Higher interest on the  
Bonds you already own, too!*

**U.S. Savings Bonds are a better way to save than ever**

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

**"Today, none of us can remain aloof on the sidelines."**

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minuteman of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One way is open to all Americans through the Savings Bond program."
